## **Consciência e matéria: o dualismo de Bergson (Portuguese Edition)** Jonas Gonçalves Coelho

Este livro remete a três complexas questões filosóficas as quais abordaremos a partir do pensamento de Bergson: a natureza da consciência, a natureza da matéria e a relação entre consciência e matéria. Tendo em vista os objetivos do presente estudo apresentaremos essa temática, cuja história é longa e tortuosa, a partir daquela que pode ser considerada como a sua formulação paradigmática, a de Descartes, referência teórica fundamental com a qual a tradição filosófica posterior, inclusive contemporânea, dialoga e da qual não consegue se desvencilhar, em que pesem os grandes desenvolvimentos das ciências físicas e biológicas. É por meio de um exercício de aproximação e de distanciamento em relação ao pensamento de Descartes que buscaremos compreender os principais aspectos da filosofia de Bergson e refletir criticamente sobre os seus fundamentos.
