Living Your Dream Forever David Jones, Jean Sinnett

A definite best seller! This is not only an essential personal development self help guide but the story of a man and women from totally different backgrounds who seek to achieve their ambitions and aspirations in life. The ideology of the co-writers is consolidated as the book cumulates in the world of television glamour and a Richard and Judy scenario, with a humorous but fact based morning television programme. There is humour in abundance but the advice and guidance remains totally professional and based on personal experience. As David Jones points out life is like a live game of snakes and ladders with all the rungs removed.
