The American Medical Association

American Medical Association Manual of Style : A Guide for Authors and Editors (AMA) The American Medical Association

The latest edition features an expanded chapter on legal and ethical concerns in publishing. Readers will also find an extensive chapter on statistics, a completely updated chapter on nomenclature, new policies for eponyms and numbers styles, a larger references section, an expanded discussion of inclusive language and abbreviations, and a larger section on figures and tables. A new section on typography is also featured, along with current information on electronic publishing, encompassing rapid changes affecting the publishing environment. End-of-chapter references make the book easier to use, and the entire text is reviewed by more than 70 editors for accuracy and dependability.
