The Minor Marshallians and Alfred Marshall: An Evaluation (Routledge Studies in the History of Economics) Peter Groenewegen

Alfred Marshall, Professor of Economics at Cambridge University (1885-1908), produced a distinguished crop of students, many of them leaders in the economics profession in subsequent generations. Pigou, Keynes and Denis Robertson are undoubtedly the most famous of these Marshall 'pupils' but there were many more, even if more minor forces in the development of early twentieth century economics. This book intends to examine the major work of ten of these 'minor' Marshallians – Sydney John Chapman (1871-1951), John Harold Clapham (1873-1946), Charles Ryle Fay (1884-1961), Alfred William Flux (1867-1942), Frederick Lavington (1881-1927), Walter Thomas Layton (1884-1966), David Hutchinson MacGregor (1827-1953), Joseph Shield Nicholson (1850-1927), Charles Percy Sanger (1871-1930) and Gerald Francis Shove (1888-1947), to name them in alphabetical order.

The broad aim of this book is to evaluate the more important contributions of these 'minor' Marshallians by selective examination of their major economic work. That evaluation has at least two dimensions. First, it focuses on the significance of the author's individual contributions to the development of twentieth century economic thought. Secondly, it attempts to assess the Marshallian credentials of these contributions in order to indicate how Marshallian in their economics these 'pupils' of Marshall's economics teaching actually stayed.

Lisa Alaniz:

That publication can make you to feel relax. This specific book The Minor Marshallians and Alfred Marshall: An Evaluation (Routledge Studies in the History of Economics) was vibrant and of course has pictures on there. As we know that book The Minor Marshallians and Alfred Marshall: An Evaluation (Routledge Studies in the History of Economics) has many kinds or genre. Start from kids until adolescents. For example Naruto or Investigator Conan you can read and think that you are the character on there. So , not at all of book usually are make you bored, any it offers up you feel happy, fun and rest. Try to choose the best book for you and try to like reading that.

Leslie James:

As a student exactly feel bored to help reading. If their teacher requested them to go to the library or to make summary for some reserve, they are complained. Just small students that has reading's soul or real their hobby. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading very seriously. Any students feel that looking at is not important, boring as well as can't see colorful photos on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So

, this *The Minor Marshallians and Alfred Marshall: An Evaluation* (Routledge Studies in the History of Economics) can make you feel more interested to read.
