All In Her Head: A Novel Sunny Mera

As a young girl growing up in the Midwest, Sunny experiences the shame and stigma of scandal when her father is banned from their church for having an affair with the pastor's best friend's wife. As Sunny grows older, she begins to build the life she's always wanted: she marries, buys a house, enrolls in graduate school, and soon has a baby on the way. But when she experiences the psychological phenomena of orgasmic labor, it triggers a chain of bizarre events, and she gradually descends into a world of delusion and paranoia. As Sunny struggles to separate the real from the unreal, she relies upon friends and family to ground her in truth and love—and keep her from going over the edge into madness.
