As a student exactly feel bored to reading. If their teacher inquired them to go to the library or make summary for some publication, they are complained. Just small students that has reading's spirit or real their leisure activity. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that looking at is not important, boring and also can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country.
