Simone Mantia

The Trombone Virtuoso an Advanced Method Simone Mantia

Simone Mantia's "Trombone Virtuoso" was one of the most important method books for the instrument in the mid 20th Century. Many major Trombonists used this book as young artists, finding it added greatly to their progress on the instrument. Mantia's method book covers all clefs, keys and techniques necessary for a sound footing on the Trombone. Although some of the styles in the book may seem dated, they were in vogue at the time. Mantia performed with the Metropolitan Opera Company for many years and was for quite a while, its Personnel Manager, coming across hundreds of top instrumentalists who migrated and lived in New York City. As a young performer, he was also a leading soloist with the Sousa band and toured with it throughout North America. Cherry Classics is proud to present this work in its original format as the first publication in our "Vintage Brass Series". We will be adding more to this series in the future. If you have a favorite method or solo that is out of print, submit your idea to us for consideration. This 128 page book is coil bound for easy page turning.

From reader reviews:

Maria Vanness:

Reading a book can be one of a lot of task that everyone in the world really likes. Do you like reading book and so. There are a lot of reasons why people enjoy it. First reading a publication will give you a lot of new details. When you read a publication you will get new information simply because book is one of various ways to share the information or maybe their idea. Second, examining a book will make an individual more imaginative. When you looking at a book especially fictional works book the author will bring you to imagine the story how the figures do it anything. Third, you could share your knowledge to some others. When you read this The Trombone Virtuoso an Advanced Method, you can tells your family, friends along with soon about yours book. Your knowledge can inspire the mediocre, make them reading a e-book.

Joshua West:

A lot of people always spent their free time to vacation as well as go to the outside with them family members or their friend. Do you realize? Many a lot of people spent many people free time just watching TV, or maybe playing video games all day long. If you would like try to find a new activity honestly, that is look different you can read a new book. It is really fun for you personally. If you enjoy the book that you simply read you can spent the whole day to reading a guide. The book The Trombone Virtuoso an Advanced Method it is rather good to read. There are a lot of folks that recommended this book. We were holding enjoying reading this book. If you did not have enough space to create this book you can buy often the e-book. You can m0ore simply to read this book from the smart phone. The price is not too expensive but this book provides high quality.

Daniel Starnes:

Is it an individual who having spare time after that spend it whole day by simply watching television programs or just laying on the bed? Do you need something totally new? This The Trombone Virtuoso an Advanced Method can be the response, oh how comes? It's a book you know. You are thus out of date, spending your free time by reading in this fresh era is common not a geek activity. So what these ebooks have than the others?

Barbara Norwood:

A lot of book has printed but it differs from the others. You can get it by web on social media. You can choose the very best book for you, science, comedian, novel, or whatever by simply searching from it. It is known as of book The Trombone Virtuoso an Advanced Method. You can add your knowledge by it. Without making the printed book, it could possibly add your knowledge and make a person happier to read. It is most significant that, you must aware about reserve. It can bring you from one destination to other place.
