On Revolution (Penguin Classics)

Hannah Arendt

On Revolution (Penguin Classics) Hannah Arendt

Tracing the gradual evolution of revolutions, Arendt predicts the changing relationship between war and revolution and the crucial role such combusive movements will play in the future of international relations. She looks at the principles which underlie all revolutions, starting with the first great examples in America and France, and showing how both the theory and practice of revolution have since developed. Finally, she foresees the changing relationship between war and revolution and the crucial changes in international relations, with revolution becoming the key tactic.

For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

From the Trade Paperback edition.
