**Aspects of the Theory of Tariffs (Collected Works of Harry Johnson): Volume 5 (Collected Works of Harry G. Johnson)** Harry Johnson

An internationally acknowledged authority on all aspects of the theory of international trade and payments, this book collects Harry Johnson's contributions to the study of international trade, including a critique of the theory of effective protection. The book discusses:

- the integration of income distribution and other aspects of the economy into the positive theory of tariffs
- the issues raised by the use of tariffs to promote economic development
- the implications of distortions of various kinds in the working of competition for tariff theory and policy
- the costs of protection
- the implications of effective protection for world economic development and the economic effects of trade preferences
- the question of free trade and the extent to which it requires the harmonization other aspects of economic policy.
