Compendio di Terminologia - Vol. III (Italian Edition) Mario Canton

In questo manuale sono contenute – in forma schematizzata e, dove possibile, illustrata – le descrizioni morfologiche delle varie regioni anatomiche esterne del corpo di un cane.

In un volume separato sono anche approfondite le descrizioni del pelo, del colore e delle particolarità dei mantelli, sempre con criterio anatomo-topografico.

Ci sono solo le cose essenziali sinteticamente descritte, riepilogate e illustrate.

Vi sono anche riportati alcuni cenni utili alla classificazione delle varie regioni corporee, senza entrare nel dettaglio di un trattato di cinometria o di morfotipologia.

Il manuale sarà utile specialmente a chi cerca risposte immediate e a chi vuole farsi un'idea della variabilità dell'aspetto esteriore delle razze canine e del particolare lessico utilizzato per la sua descrizione.
