## **Bullying (Spanish Edition) Fernando Osorio**

El Lic. Fernando Osorio propone una revisión crítica sobre la manera actual de pensar la problemática del acoso entre pares en el ámbito escolar. Afirma que cuando se evalúa a un niño o a un joven que causa o sufre de bullying, se puede descubrir que, previamente, padecía otro problema psicológico que no fue atendido ni resultado y que posiblemente ocasionó una alteración de la conducta individual o del comportamiento social. Niños y jóvenes suelen sufrir intensos procesos de ansiedad y de angustia, y su falta de vigilancia genera otros síntomas. Estos se manifiestan como una alteración de la conducta que los puede posicionar tanto como víctimas, victimarios, testigos o colaboradores de una situación de maltrato. Este libro brinda información concreta para que padres, docentes y otros profesionales puedan ayudar y acompañar a niños y a jóvenes involucrados en alguno de estos problemas.
