Language Development for Science: Activities for Home (Spirals) Marion Nash, Jackie Lowe

These simple play-based activities are ideal for teachers to copy and give out to parents who want to know how to help their child improve his or her science language skills and have fun at the same time. Activities are linked directly to the school-based Language Development Circle Time sessions, but can also be used independently. There is a clear structure and progression of ideas, with supporting black-line drawings to acts as prompts and simple record - keeping system to support home/school communication.
