## Education for Special Needs: The Curative Education Course (The Collected Works of Rudolf Steiner)

Rudolf Steiner

Steiner describes polarities of illness and courses of treatment from a comprehensive analysis. He considers many cases and gives indications on therapeutic exercises, diet and medicine, how the 'I' relates directly to the physical body, and spirit and soul need to be taken into consideration when making diagnoses.

Revolutionary in its approach, the far-reaching perspectives of these lectures are a living source of inspiration to both professionals, parents and others seeking spiritual insight.
