An archaeologist who unearths a mysterious artifact, an airman who finds himself far from home, a painter, a ghost, a vampire, and a Viking: the seven stories in this compelling novel all take place on the remote Scandinavian island of Blessed where a curiously powerful plant that resembles a dragon grows. What binds these stories together? What secrets lurk beneath the surface of this idyllic countryside? And what might be powerful enough to break the cycle of midwinterblood? This is a book about passion and preservation and ultimately an exploration of the bounds of love.
