Durante los años veinte L'Osservatore Romano fue para muchos europeos más que un diario religioso: era, gracias a su contenido rico en información internacional, un periódico por el que se enteraban de lo que ocurría en el mundo y no solo por el que se mantenían informados de lo que pensaba la Sede Apostólica. Además de las informaciones generadas por las agencias noticiosas, disponía de un filón de noticias procedentes de las distintas estructuras de la Iglesia.

Durante años, las noticias de cualquier índole sobre México, reportadas por este diario, fueron muy escasas; sin embargo, a raíz de una serie de acontecimientos que marcarían la segunda mitad de la década de los veinte como una época de ataques repetitivos contra la libertad religiosa, este diario, quizá no sin un interés personal del Papa Pío XI, se convirtió en uno de los principales canales que permitieron a los extranjeros enterarse de los atropellos contra los derechos humanos bajo el régimen del general Plutarco Elías Calles. A través de este libro, se busca que el lector conozca la situación que se vivía en México tal como la iban conociendo los suscriptores de L'Osservatore Romano y de otros diarios extranjeros, pero que en México estuvo durante largos años silenciada. Además, se pretende dar a conocer una extensa información publicada en este diario que contribuirá al mejor conocimiento de esos días en que los obstáculos interpuestos por el gobierno al ejercicio de la libertad religiosa desencadenaron una de las crisis más grandes que registra la historia de México no solo en las relaciones Iglesia y Estado, sino en las relaciones entre gobernantes y gobernados.
