South Carolina Ghosts: From the Coast to the Mountains Nancy Roberts

The stories in this book are based upon actual events. During the course of her research into some of South Carolina's classic tales, Nancy Roberts heard accounts of happenings in the recent past and even the present day. They're all here: from the famous Gray Man of Pawleys Island who warns of coming storms to the ghost of the poor fellow whose small plane went down in the 1950s near Walhalla leaving him to forever hitchhike Highway 107.

Everybody has heard of Alice of Murrells Inlet who is still looking for her lover's ring, but who haunts the house in Summerville, even now, and why?

The eighteen stories told here will have you looking over your shoulder and shuddering at even a gentle breeze—so take care. Supernatural occurrences in South Carolina are not all in the past!
