## **Prophecy of Three** Ritchie Priddy

The fulfillment of ancient apocalyptic prophecies isn't something veteran foreign correspondent John Christy easily accepts in his black and white world of facts – especially when Middle East peace is at hand.

But when events begin to occur that his late father wrote about – the simultaneous fulfillment of three ancient prophecies leading to Armageddon – he's forced to take a serious look and realizes that he has the playbook to the story of THE ages. CIA analyst Beverly D'Amato wonders where Christy is getting his information. He seems to be at the right place at the right time, sometimes before events occur. Ratings soar along with religious tensions, threatening the new-found peace.

An uneasy alliance between former adversaries emerges as Christy and D'Amato find evidence of manipulation – all for the sake of control of energy resources. Was it the story of the ages, or an elaborate ruse under the cover of religion that is quickly spinning out of control?

Against Christy's advice the network brands the story "Countdown to Armageddon," unleashing a wave of panic and religious fervor around the world. With events hurtling toward a cataclysmic end, Christy and D'Amato must move quickly to prove the prophecies' validity, or attempt to stop events from escalating into the final battle – shown live around the world.
