A 2001 *Christianity Today* Book of the Year! What will the church be next? CHANGE IS NOW.

Competition from nontraditional and Eastern religions join with the pressures of both modernism and postmodernism to squeeze Christianity. While new church models have sprung up to meet these challenges, they each have strengths and limitations. Eddie Gibbs, a well-known church strategist and practitioner, candidly analyzes these models while proposing nine areas in which the church will need to transform to be biblically true to its message and its mission to the world. With vigor and insight Gibbs shows how we can move

- from living in the past to engaging the present
- from being market driven to being mission oriented
- from following celebrities to encountering saints
- from holding dead orthodoxy to nurturing living faith
- from attracting a crowd to seeking the lost

Here is a book that brings together deep understanding of the quantum shifts taking place in our culture along with concrete suggestions for implementing a proactive mission strategy.
