Companion Encyclopedia of Asian Philosophy (Routledge Companion Encyclopaedias)

Companion Encyclopedia of Asian Philosophy (Routledge Companion Encyclopaedias)

The *Companion Encyclopedia of Asian Philosophy* is a unique one-volume reference work which makes a broad range of richly varied philosophical, ethical and theological traditions accessible to a wide audience. The *Companion* is divided into six sections covering the main traditions within Asian thought: Persian; Indian; Buddhist; Chinese; Japanese; and Islamic philosophy. Each section contains a collection of chapters which provide comprehensive coverage of the origins of the tradition, its approaches to, for example, logic and languages, and to questions of morals and society. The chapters also contain useful histories of the lives of the key influential thinkers, as well as a thorough analysis of the current trends.
