Volcanic Worlds: Exploring The Solar System's Volcanoes (Springer Praxis Books) Rosaly M.C. Lopes, Tracy K. P. Gregg

Written by active research scientists who study the volcanism of Earth and of other planets, the contributions provide the first general review of volcanic activity throughout the Solar System. Successive chapters describe past and present volcanic activity as it is observed throughout the Solar System. These chapters relate to readers not only our present knowledge of volcanism throughout the Solar System but also how frontline scientists working in this field conduct their research.
